REBEL

Dedication

It is with a feeling of gratitude and sincere appreciation that we, the Annual Staff, dedicate the 1960 REBEL to MISS SARAH SHERRILL. Miss Sherrill joined our school faculty in 1948, and since that time has earned the respect and admiration of the student body. In addition to her regular duties as librarian, she has taught Latin and is the Beta Club advisor.

Through this dedication, we express our thanks to a devoted teacher and an understanding friend for all the services that she has rendered to us.

Of Days

Perhaps a little shyly, but with great ambition, we opened the door to our freshman year-- a door behind which lay many new experiences, new problems, and new joys to be encountered-- a door which opened to us days never to be forgotten.

After struggling through the ups and downs of the previous year we began our sophomore year with a bit more confidence.

By this time we had learned that we could expect no more out of high school than we put into it; so books, facts, concentration, and knowledge became very important factors.

Gone By

Our junior year, with all the extra activities and the Junior-Senior Prom, was light and gay. We found many new things in store for us, but the highlight of the year was the day we proudly displayed our class rings. To us, this meant work, achievement, and a mark of distinction.

And now, it is upon us--our senior year. The time seems rather short since we began as shy, success-conscious freshmen. Over the last four years we have experienced hard work, losses, victories--the moments have been filled with fun, laughter, sorrows, tears. Time will hastily bring to us that final day when we shall proudly walk down the aisle to receive our diplomas. And as we, with mixed emotions, transfer our tassels from right to left, these things will form glorious memories "Of Days Gone By."

Gooney Club

The features are written,
The pictures are taken,
And the heads of the annual staff
Sure are achin'.

But our worries are over,
The rushing has stopped,
And down in the nearest
Chair we've ker-flopped.

The cobwebs and dust
On our desks have collected,
Because of the classes
We have neglected.

And on that next test
There'll be plen'y of guessin'
'Cause we just ain't had time
To study our lesson.

Our strength--exhausted,
Brains--scattered as can be,
And that's why we're called
The Gooney Club, you see?

The End
